**Method of obtaining the Verified gross weigh of the packed container (please tag the used method)**

- Method 1 (by weighing)*  
weighing the packed container using calibrated and certified equipment
- Method 2 (by calculation)*  
weighing all packages and cargo items, including the mass of pallets, dunnage and other securing material to be packed in the container and adding the tare mass of the container to the sum of the single masses, using a certified method approved by the competent authority of the State in which packing of the container was completed.

**I declare the above information to be true and correct,**

**Date of declaration** (\*)

**Signature of shipper's authorized person** (\*)

The duly authorized contact person of the shipper (by name and signature provided in the declaration) hereby certifies, that the above mentioned shipment details have been evaluated carefully and according to the requirements of the International Convention for the Safety of Life at Sea (SOLAS); as they have been published in Chapter VI, Part A, Regulation 2 - Cargo Information. This Verified Gross Mass declaration contains the VGM amount per shipment. Amendments, updates and /or corrections to the verified weights have to be communicated and submitted immediately and without any delay to the responsible Yamato Transport Europe contact.
